

AGENDA

9:00-9:30	Registration
9:30-10:00	Opening – Introductory remarks by: Adeline Rezeau, Luciano Beneduce
10:00 – 10:45	PROMOTION OF AGRARIAN PRUNING AND PLANTATION REMOVAL BY THE UP_RUNNING PROJECT <ul style="list-style-type: none">- Main results and lessons learnt. CIRCE (Adeline Rezeau)- Building capacities to new consultants on pruning biomass. UCAB (Alla Kravcenko)- Policy guidelines to support the pruning-to-energy initiatives. HPK (Tajana Radić)
10:45 – 11:30	EXPERIENCES OF PRUNING AND PLANTATION REMOVAL USE TO ENERGY <ul style="list-style-type: none">- Sustainable use of wood from fruit plantations in a large power plant. ENCE Ć- Heating of municipal buildings with bales of fruit tree pruning. WUELS (Arkadiusz Dyjakon)- Olive tree pruning valorization in a local industry. FIUSIS (Marcello Piccinni)
11:30-12:00	networking coffee
12:00 – 12:20	BENEFITS, CHALLENGES AND SOLUTIONS FOR AGRICULTURAL BIOMASS IN EUROPE –Bioenergy Europe (Giulia Cancian)
12:20 – 12:40	PROMOTION OF AGRO-RESIDUES IN THE NEW CAP REGULATION <ul style="list-style-type: none">- COPA COGECA (Tobia Capuzzo)
12:40 – 13:00	INSTRUMENTS TO SUPPORT SUSTAINABLE BIOECONOMY IN RURAL AREAS <ul style="list-style-type: none">-ENRD (Laura Jalasjoki)
13:00 – 14:00	PANEL DISCUSSION (moderator Luciano Beneduce) <p>Panel discussion with participation from:</p> <ul style="list-style-type: none">- COPA-COGECA (Tobia Capuzzo)- ENRD (Laura Jalasjoki)- Bioenergy Europe (Giulia Cancian)
14:00 – 14:30	CLOSING REMARKS (Adeline Rezeau)

Nº Name & Organization

Brief Curriculum Vitae

1 Adeline REZEAU
CIRCE

Doctor REZEAU is researcher at CIRCE Foundation and coordinator of uP_running project, together with Daniel GARCÍA GALINDO. She presents a strong expertise in solid biomass conversion, especially in the direct combustion of non-conventional biofuels and the minimization of its environmental impacts.

2 Alla KRAVCENKO
Ukrainian AgriBusiness Club
(UCAB)

Alla Kravchenko, PhD is responsible for establishing contacts between agricultural companies in Ukraine and abroad, maintaining business contacts with international organizations. An expert in the field of international cooperation, search for grants and partners for international projects in agricultural sector, agricultural education and rural development.

3 Tajana RADIC
Croatian Chamber of
Agriculture

Tajana is MBA in Agribusiness and Master in Political science. She is Head of the Department for Regional Development. She's responsible for the coordination and development of the projects financed by the World Bank, Pre-Accession European Union Funds and international partners. She's also responsible for the organization of international exchange for farmers in order to inform them about Common Agricultural Policy after 2013. and Croatian accession in the EU. Tajana is expert in negotiation with national and international partners, State Administration, Government (monitoring of national legal regulations, advocating for the position of farmers in the institutions of the European Union and Republic of Croatia)

4 ENCE

5 Arkadiusz DYJAKON
WUELS

Doctor DYJAKON is Researcher, and Teacher at Wroclaw University of Environmental and Life Sciences. He is working at the Division of Low Emission Energy Sources and Waste Management. He is specialized in the management of agrarian pruning and he knows very well a couple of existing cases in Poland, Gospodarstwo Sadownicze and Przybroda farm.

6 **Marcello PICCINNI**
Fiusis

Marcello PICCINNI is an entrepreneur that founded in 2008, the Fiusis plant in Calimera (Lecce-Puglia). The plant produces 2 MW electricity from pruning of olive trees. In 2014 he founded LIGNA, a specialized company in the collection and shredding of pruning residues. In 2018 he founded GEOFIUSIS that will be in the future of the production of fertilizers from the recovery of combustion ashes. In 2019 Fiusis begins in a new pellet production plant recovering the heat coproducts and using it to dry the wood.

7 **Giulia CANCIAN**
Bioenergy Europe

Giulia Cancian joined Bioenergy Europe advocacy team in 2018 where she is managing the Working group Competitiveness and the Working Group Agrobiomass. Before joining Bioenergy Europe, Giulia worked in the energy departments of other Brussels-based trade associations. She holds a Master's degree in International Relations from the University of Rome "La Sapienza" and a Master of Science in European Economic Integration from the Free University of Brussels.

8 **Tobia CAPUZZO**
Copa Cogeca

Policy Advisor for Research & Innovation. Tobia holds a masters in Agricultural Science and Technology from the University of Padova. After working in the technical department of one of the most important Italian wine appellation as policy advisor for environmental issues, he changed for Copa-Cogeca in 2018, where he is in charge of Research & Innovation topics as well as he is the Project Officer in charge of two important H2020 projects.

9 **Laura JALASJOKI**
ENRD

Laura Jalasjoki works as a Policy Analyst in the Contact Point of the European Network for Rural Development, based in Brussels. She coordinates the ENRD Thematic Group on Mainstreaming the Bioeconomy, which explores Rural Development Programme's possibilities to promote sustainable rural bioeconomy value chains. Before joining the ENRD, Laura's work focused on institutional development and capacity building of rural organisations, at the International Fund for Agricultural Development and at AgriCord. Laura holds a Masters' Degree in International Relations.
